

I am a single mother of two--a regular working stiff, and I am very concerned about Sinclair Broadcast Group's choice to ignore their responsibility and the law by forcing their affiliates to show clearly biased programming two weeks before the election. I am even more concerned that the FCC, the people we count on to represent the interests of all the rest of the people in these matters, has not stopped them.

We citizens allow media corporations the privilege of free use of public airwaves with the understanding that they will present balanced and fair content that will improve the quality of life in our communities. What Sinclair is doing is scandalous in its violation of the public trust. We, the viewing public, are not served by a media that appears to be choosing profit at our expense.

Please, do whatever you can to ensure that situations like this will never happen again. This is the kind of thing that shows how media mergers are dangerous to the fabric of our good American society. Please, do your duty to protect us.
